~~ We invite you to stay for refreshments after the program's conclusion ~~

Ron G. Suny is the Charles Tilly Collegiate Professor of Social and Political History. The grandson of the composer and ethnomusicologist Grikor Mirzaian Suni, Professor Suny's intellectual interests have centered on the non-Russian nationalities of the Russian Empire and the Soviet Union. He has authored numerous books, including *The Soviet Experiment: Russia, the USSR, and the Successor States* (Oxford University Press, 1998, 2011). His aim has been to bridge the often-unbridgeable gap between the traditional concerns of historians and the methods and models of other social scientists.
